Vikings get early lead, keep it in rematch vs. Bucks

The Grayling Vikings defeated the Roscommon Bucks - a team that Grayling lost to 47-35 in its season opener on Dec. 1 - by a final score of 60-51 in a varsity girls basketball non-conference contest played at Grayling High School on Monday night.

The Vikings had a lead for most of the game, including all of the second, third, and fourth quarters.

"This was a very nice win for the girls," Coach Joe Powers said. "Avenging a 12-point loss at Roscommon the first game of the season, the girls have shown that they continue to work hard and get better each and every day." Pg. 11

GPS software donated to help respond to trail emergencies

by Dan Sanderson
Staff Writer

While the main objective of riding snowmobiles and ATVs is to get to see places in northern Michigan inaccessible by traditional vehicles, there is still a need to find people when they are lost, have an emergency or are injured out on the trails.

Jeramey Valley, the founder of Valley Ventures Mapping LLC, recently donated nearly \$1,000

worth of GPS software providing detailed maps and coordinates of area snowmobile and ATV trails to Crawford County agencies.

Crawford County Sheriff's Deputies, Grayling City Police, Crawford County 911, township fire and EMS departments, Camp Grayling and Michigan Department of Natural Resources officers were provided with the software packages to better utilize GPS units in the wilderness while responding to

emergency situations.

In 2007, Valley founded his small company based in Pinconning to provide accurate and detailed maps for the recreational pursuits that he and his family personally enjoy - mainly ORVs and snowmobiling.

The maps have the trails shown where they actually are based on GPS recordings. Most other available maps that cover ORV trails or snowmobile trails were artist renditions of what the trails might look

like in the general area it might be.

Michigan alone has over 9,000 miles of public snowmobile and ORV trails.

Most of Valley's map base was devised from information from the state. Valley also obtained information from the Cycle Conservation Club of Michigan, an organization committed to the conservation of our wild lands while promoting the sport of off-road motorcycling.

Hundreds expected for 2nd Cote Dame Marie Ski Loppet

Event to feature eight cross country ski races

by Caleb Casey
Senior Staff Writer

The Cote Dame Marie Ski Loppet - an event that organizers hope will eventually approach the size and popularity of Grayling's AuSable River Canoe Marathon - will feature a series of eight cross country ski races this weekend, offering competition for skiers of all ages and skill levels.

Last year, Grayling Recreation Authority (GRA), the governing body for Hanson Hills Recreation Area, replaced its annual Michigan Cup Marathon cross country skiing event with the Cote Dame Marie Ski Loppet, a series that includes races for both serious competitors and casual skiers. Last year's event drew approximately 140 participants; organizers are expecting 200 for this year's Cote Dame event.

"That's our goal for this year," said Justin Andre, Director of Operations for GRA. "We're looking at growing this event. We want this to be the (AuSable River) Canoe Marathon of the winter."

(The AuSable River Canoe Marathon, a 120-mile non-stop race from Grayling to Oscoda held in late July, draws 80-90 paddling teams and thousands of spectators every year.)

"For being the second year, we've gotten a lot of community support. Service organizations are providing all the volunteers," Andre said. "Before, it was a GRA event. It's a community event now."

"We're hoping to grow it into a bigger regional event like the White Pine Stampede and the VASA events," Andre said.

The 2011 Cote Dame will feature seven races at Hanson Hills on Saturday, Jan. 22, and a youth race on Friday, Jan. 21.

Friday's Kids' Race, for skiers 15 and under, will start at 7 p.m. at the Cross Country Ski Shop (behind the Ramada

Students utilize Smart Boards at Grayling Elementary School

by Dan Sanderson
Staff Writer

While the ground is hardened and snow-covered and the weather is below freezing, students at the Grayling Elementary School planted seeds and watched them flower into plants before their very eyes last week.

Just as students got back into the swing of being in class after the winter break, the Crawford AuSable School District started installing Smart Boards in classrooms at the Grayling Elementary School.

A Smart Board is an interactive whiteboard that uses touch detection for user input by allowing the student to scroll across the board by touching or mov-

ing the subject matter. It is similar to using personal computer devices such as a computer mouse or keyboard. The projector, which displays the information on the board, is able to detect the information on the board and the student's movements.

The students can move objects on the board, touch an area on the board to select proper answers and lessons can be recorded for review between the student and the teacher.

"The key is to provide the students with the technology so they can interactively engage with the content," said Melissa Stone, principal for the Grayling Elementary School and

AuSable Primary School.

Most of the AuSable Primary School was equipped with Smart Boards and both schools also utilized portable Smart Boards.

Kindergarten through second students at the AuSable Primary School are now continuing to learn with the Smart Boards as permanent units are installed at the Grayling Elementary School.

"It's amazing how young they start using technology," Stone said. "It's along their line of thinking and it really connects to them."

Taser used to subdue suspect

by Dan Sanderson
Staff Writer

A Crawford County Sheriff's Deputy utilized a Taser to take an alleged drunken breaking and entering suspect into custody on Friday.

Crawford County Sheriff Kirk Wakefield said that sheriff's deputies were dispatched to a residence on Maple Street in the City of Grayling for a report that a male, possibly armed with a knife, had broken into a

home at 9:07 p.m. on Friday, Jan. 14.

It was reported that the suspect had repeatedly run his truck into the garage door to gain entry into the home, the homeowners retreated to their back bedroom and the suspect was in the living room screaming and breaking items.

Deputies went to the residence where they located the suspect in the back yard. After a short foot pursuit, deputies confronted the man

who was highly intoxicated, aggressive and threatened to assault the officers. After multiple ignored commands from officers, a deputy deployed a Taser unit bringing the suspect under control.

The suspect, a 48-year-old Grayling man, was then taken into custody without further incident. The suspect's name is being withheld pending arraignment in Crawford County District Court.

Students delve into global issues with capstone projects

by Dan Sanderson
Staff Writer

While federal and state officials are trying to zap and net Asian Carp from entering the treasured Great Lakes, a trio of Grayling Middle School students used a simple slingshot blast to cap off the invasive species on Monday.

Grayling Middle School sixth graders ended a month's worth of study on their capstone projects this week.

A capstone project entails the investigation of historical and contemporary global issues that have a significance for the student and are clearly linked to the world outside the classroom. The capstone projects propose a plan for the future based on the evidence researched.

The projects are part of curriculum for sixth and seventh grade students mandated by the Michigan Department of Education. They require students to inquire about global issues, gather information and make decisions that will arise during their lifetime.

Students worked in small groups to research one of several global issues related to the sixth grade curriculum. They were required to collect data to support their position, create presentation boards, write persuasive essays and do an oral presentation in the class.

The ultimate goal of the projects is to prepare the students to participate responsible citizenship and make informed and reasoned decisions for the public good.

Sixth grade language arts and social studies teacher Hugh Clarke, Bret Krabill, Mark Whitaker and Connie Gates headed up the projects.

"The whole point is that

most of this information is not in encyclopedias because it is so current," Gates said. "It's an issue that impacts all ages."

Issues under investigation in the classroom provided the students to be both teacher and learner. The project requires the student to use geography, history, economics and government to inquire about major, contemporary and historical issues.

Although required to be part of the state curriculum, each school is allowed to select the topics they researched.

The variety of topics covered by the Grayling Middle School student included:

- The impact global warming is having on the polar bear population.
- The consequences of child labor.
- Deforestation of the rainforest and the consequences of deforestation in the Amazon rainforest.

• The causes of destruction of the Great Barrier Reef and the consequences that occurs.

• The effect the drug trade has had on Latin America.

• The impact the Exxon Valdez oil spill have on Prince William Sound.

• The invasive species of Australia and what is the environmental impact.

• The invasive species of the Great Lakes and what is the environmental impact.

Molly Leslie, Fred Fisher and Noah Kolka tackled the invasive species in the Great Lakes, which impact states in the Midwest and Canada.

In 1808, there were no invasive species in the Great Lakes. As of 1999, 169 invasive species have been discovered in the Great Lakes.

Particularly, Asian Carp were brought to the country

Grayling Middle School sixth graders ended a month's worked of study on their capstone projects this week. Above, Fred Fischer holds a sling-shot and a fish used to represent an Asian Carp, which were props used during a play as part of their project.

to help clean up commercial catfish farms in the Mississippi River region. Other invasive species have entered the Great Lakes through the release of ballast water from cargo ships. Federal and state officials have been working on regulations to bring an end of invasive species, which impact tourism and fishing and the natural species of fish, which exist in the waters.

"I thought it was fun gathering information about what is going on in the Great Lakes and now they need to get a plan together

on how we can address this better and get the invasive species out of the lakes," Kolka said.

Fisher enjoyed studying a project that confronts the community since Lake Michigan and Lake Huron are nearby.

"It was fun finding the pictures to support our project and it's near where we live so it effects us," Fisher said.

Krabill applauded the group for acting out a play to demonstrate their issue.

"All the props worked on the first try, which was impressive," Krabill said.

Relay for Life will hold 2011 kick-off

by Dan Sanderson
Staff Writer

While the NFL's Super Bowl and NASCAR's Daytona 500 are just weeks away - sports is also the theme for the 2011 Relay for Life of Crawford County.

The kick-off for the 2011 Relay for Life of Crawford County will be held from 5:30 p.m. to 7 p.m. in the St. Mary's Family Center, located at 709 Spruce Street.

Sports and teamwork are the themes for the Relay for Life of Crawford County's kick-off celebration.

"Even though Relay for Life is six months away, this is the time to get involved, get things going and get your team together and start fund-raising," said Sandra Westover, coordinator for the event. "We want to invite friends and families from the community to come out, start a team and learn more about Relay for Life."

Relay for Life is the

American Cancer Society's signature event, dedicated to increasing awareness and raising funds to fight cancer. Teams of family, friends and co-workers camp out overnight, taking turns walking the track.

Although the Relay for Life has always had a family atmosphere because all participants have been impacted by cancer, the emphasis is on team building this year in hopes of funding cancer research to rid the world of the disease.

"This year, we're talking about teamwork and about how we're all in this together to win the battle against cancer," Westover said.

Prizes will be given out, games will be played and food donated by Pizza Hut/Wing Street of Grayling, Arby's of Gaylord and Glen's Market in Grayling will be provided.

During Relay for Life participants and visitors have a chance to celebrate the victory of area cancer

survivors during the Survivor's Lap, remember those we have lost to the disease during the poignant Luminaria Ceremony and participate in the Fight Back Ceremony that gives everyone a chance to proclaim their way of taking action against the disease.

The 2011 Relay For Life of Crawford County will take place from 10 a.m. to 10 p.m. on July 16 - 17 at the Grayling High School Track.

Relay for Life had 14 teams last year and this year the goal is to have at least 20 teams, Westover said. So far, Relay for Life has at least three new teams and everyone is returning from last year.

Our goal this year is to raise \$32,000 and have at least 100 survivors in attendance, Westover said.

Donations can be made to Relay for Life by visiting www.relayforlife.org/crawfordcountymi.

Community members can

also start or join a team by following the links to the local Relay for Life event on www.relayforlife.org.

New governor breaks line on salaries

MICHIGAN'S NEW governor won't be surrounded by paupers as he pursues ways to make ends meet in state government for the next four years.

Pay levels for most of the new top department heads under Gov. Rick Snyder are pretty close to the amounts paid to the executives they succeed.

Pay levels are the same or vary by a few thousand dollars one way or another for directors of the departments of agriculture, natural resources and environment, state police, community health, and transportation, all in the \$140-145,000 range.

The new head of military and veteran affairs will be at about \$165,000, which is a couple thousand dollars ahead of his predecessor.

Maura Corrigan voluntarily left the state Supreme Court and pay of \$164,610 to head the department of human services at \$140,000, which is \$10,000 less than Ismael Ahmed was paid for the job under former Gov. Jennifer Granholm.

All in all, the transition pay vari-

ances for department heads are respectable.

* * *

ONE GLARING exception to the hold-the-line stream for department heads is Michigan's budget director.

Gov. Snyder hired John Nixon from the same job in Utah where he was paid \$124,000, to succeed Bob Emerson who was paid \$135,000 as budget director in the Granholm Administration.

Gov. Snyder's budget boss Nixon will receive \$250,000, which is completely out of line both with the pay of other department heads and with what other budget directors in Michigan have been paid.

Geralyn Lasher, head of communications in the governor's office, said Mr. Nixon "is one of the best in the nation in terms of budgeting..." He better be.

She added: "We want to get the best people to solve these problems in Michigan." Okay, but at almost twice as much as what the former budget master was paid?

Ms. Lasher also explained that

Mr. Nixon not only will replace Mr. Emerson but also will take on the job as director of the department of technology, management and budget, which had a separate director under Gov. Granholm paid \$145,000 a year.

So, Ms. Lasher reasoned, Michigan actually saves about \$30,000 a year by paying Mr. Nixon \$250,000 a year to do both jobs. Let's ponder that one a bit.

The whole setup doesn't make sense to me.

If the experienced business man, Gov. Snyder, applies similar principles of management to many other areas of government operations as he wrestles with Michigan's economic problems, he may face an operating deficit hole a lot deeper than the \$1.8 billion now in sight for the next fiscal year.

* * *

STAFF PAY - Inside the governor's office, two top staffers under the new governor will be paid more than any of the department heads - except budget's John Nixon.

Dennis Muchmore, chief of staff, is at \$171,000, and Dick Posthumus, senior advisor, at \$170,000.

John Barnes, deputy chief of staff, is at \$145,000, and other top aides are at \$140,000, including Geralyn Lasher, communications; Bill Rustem, director of strategy; Terri Reid, director of external relations; Mike Gadola, legal counsel; and Bill McBride, director of the Washington office.

Rounding out the top ten in the governor's office are Allison Scott, executive office manager at \$120,000, and Marsha Quebbeman, director of administration, at \$100,000.

Pay for the Snyder staff cannot be compared to counterparts on the Granholm staff because Gov. Granholm refused to reveal pay scales in the governor's office.

To Michigan folks who have felt the sting of the state's continuing economic crisis in one way or another, this may seem like a lot of taxpayer dollar for overhead, but I guess that's the way government operates these days.

The governor's pay, by the way, is \$159,300.

* * *

MLK NOTE - Martin Luther King Day was observed across the country this week, almost as a matter of course.

Some historical notes:

Four days after Martin Luther King was assassinated in 1968, US Rep. John Conyers of Michigan introduced the first legislation calling for a federal holiday to honor Rev. King and his civil rights legacy.

It was 15 years later that Congress adopted and President Reagan finally signed into law the recognition that Rep. Conyers had first proposed, and it took 17 more years before the first national celebration was observed in all 50 states in 2000.

Progress is never easy.

Letters to the Editor

Commemorating Martin Luther King, Jr.

To the editor:

This letter is condensed from a blog which I posted on the *Traverse City Record Eagle* website.

To commemorate Martin Luther King, Jr., who was assassinated in 1968, while the nation is still reeling from the Tucson shootings, puts thoughts into one's head.

Even the arguments are revealing. I don't think the problem is gun numbers. After all, Canada is awash with moose hunter, and they have only had three politicians assassinated in their whole history. The USA, on the other hand, has lost four presidents and 27 other politicians (one of whom was scalped by Pueblo Indians).

The problem is that somehow it's got into our national consciousness that the way to solve problems is to kill people. I think this shows up in Hollywood movies. A typical plot is: Peaceful person is wronged. Peaceful person tries to negotiate/find legal redress. Baddies wrong him/her some more. Peaceful person is in danger. Peaceful person reluctantly fights baddies and wins, despite the baddies having more weapons and more experience fighting and using

dirty tricks. Anyone who can't remember movies like that hasn't been to the movies.

When that attack-the-baddies mind-set is extended to our international relations, it causes problems. According to the Friends' Committee on National Legislation (a Quaker group), out of every dollar of federal income tax we paid in 2009, the USA spends 33¢ on the military, and 1¢ on all diplomacy aid, development and "War Prevention."

We routinely see news about new weapons. How often do we hear about new ways to prevent conflict, such as the Crisis Prevention and Response Fund, which is a civilian led effort to prevent and respond to deadly conflicts? How about the Civilian Response Corps, aimed at strengthening government in countries on the verge of collapse? Those agencies were designed to make the world safer by defusing the sort of conflicts that radical groups thrive on. Isn't our country's safety sexy enough to get on the news? The Quakers quote Matthew, "For where your treasure is, there will your heart will be also." I guess our national heart is less

with dialog than it is with things that go boom.

A reliance on violence is just so medieval. America can do better, as Martin Luther King, Jr. himself showed. He lived in an age when blacks were beaten, terrorized, prevented from voting and sometimes lynched. He didn't advocate blacks packing heat to protect themselves. He believed and practiced, Ghandi's method of non-violent resistance.

Yes, Martin Luther King, Jr. was assassinated. So, did the shooter put the (n-word)s back where he thought they belonged? Hardly. The killing raised consciousness and sympathy among whites. It contributed to greater racial integration and greater prosperity and safety for blacks. No, the process isn't complete. The way some people have come unglued at the election of a black president shows we still have a long way to go.

A word to those who'd like to shoot the president, though: Don't do it, you'll make him a hero. And next time they'd probably elect Michelle.

The biggest blooper of all

To the editor:

Oh boy! Here I am taking you to task for errors and I make the biggest blooper of all. Of course I

meant to say that my husband was appointed to the Grayling Township Board of Trustees, not the Crawford County Board.

My apologies.

The Bible Speaks

God's Love is Empathetic

In Romans 12:14 we studied how God's love reacts to persecution by others by being a blessing and not a burden. "14Bless them which persecute you: bless, and curse not." Romans 12:15 teaches us how God's love reacts to the blessing and burdens of others. "15Rejoice with them that do rejoice, and weep with them that weep." The self-centered age in which we live, makes it easier to be egotistical than empathetic toward others.

The world says, "do unto others as they have done unto you." God says the world's philosophy is wrong in Proverbs 24:29: "29Say not, I will do so to him as he hath done to me: I will render to the man according to his work." Jesus said in Mark 12:31 that God's second greatest commandment is, "Thou shalt love thy neighbour as thyself. There is none other commandment greater than these." In Matthew 7:12 Jesus spoke what became known as the golden rule: "12Therefore all things whatsoever ye would that men should do to you, do ye even so to them: for this is the law and the prophets." In Philippians 2:4 we are told to be as concerned about the things of other people as we are about our own.

Rejoicing with those God has blessed is not normal for the old natural. People are often envious and jealous of those who have more than they do. As someone has said, "Most people would be satisfied with enough if others didn't have more." Christians rejoice over spiritual blessings more than physical blessings. We rejoice because our names are written in heaven. (Luke 10:20). We rejoice in the Lord! (Philippians 4:4). We rejoice when Christ is preached. (Philippians 1:18). We rejoice with saints on earth and angels in heaven when sinners are saved. (Luke 15:4-7). God's

love, "6Rejoiceth not in iniquity, but rejoiceth in the truth;" (1 Corinthians 13:6). "3For I rejoiced greatly, when the brethren came and testified of the truth that is in thee, even as thou walkest in the truth." (3 John 1:3).

Weeping with others who weep because of the burdens they bear is also part of God's love. "Jesus wept" at the tomb of Lazarus. The Jews who were there to comfort Mary and Martha over the death of their brother Lazarus, said, "Behold how he loved him!" Jesus wept over the city of Jerusalem in Luke 19:41. Jeremiah wept over the enslavement of his people Israel in Jeremiah 9:1: "1Oh that my head were waters, and mine eyes a fountain of tears, that I might weep day and night for the slain of the daughter of my people!" God promised in 2 Chronicles 7:14: "14If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land." How concerned are Christians about the immoral dangers threatening our very foundation as "one nation, under God, indivisible, with liberty and justice for all?"

Paul said in 2 Corinthians 11:29: "29Who is weak, and I am not weak? who is offended, and I burn not?" 1 Corinthians 12:26 reminds us we have a Christian responsibility to other members in the body of Christ: "26And whether one member suffer, all the members suffer with it; or one member be honoured, all the members rejoice with it." GPS software donated to help respond to trail emergencies

Continued from Page 1

Once the map base was completed, Valley started integrating GPS data into it to show the courses he was using as well as the ORV and snowmobile trails. Most all of these trails were not shown on any map, let alone in any combination of roads, towns, forest roads, trails and rivers. Valley said dual sport routes – used by ATV and snowmobilers and other recreational users – needed to know where the trail crossed or shared a road, so they would know where we could join a trail or avoid two-way traffic.

“He’s always riding, winter and summer,” said John Chad, a director for the Happy-Trails ATV Club, who obtained a copy of the software and befriended Valley.

Chad said he hopes the software will help speed up response time for first responders in the golden moments when accident victims need critical medical attention. For example, Chad said the first responder could meet an ATV or snowmobile rider at a trailhead, take a shortcut to their location or find them if they are off the road or trail.

“He doesn’t have to go to the trailhead and back track all the way,” Chad said.

“We’re hoping that if it saves one minute, we’re doing some justification. We’re hoping that it saves a lot more time.”

Crawford County Sheriff Kirk Wakefield said he was thrilled to get the software as he is crunching numbers to continue providing existing services.

“I’m positive that this will speed up recovery and make it easier to find people and rescue people that ride snowmobiles and ATVs on the trails,” Wakefield said. “I think it’s a good deal.”

Crawford County Emergency Management/911 Director Larry Akers said the GPS software would be particularly useful for the Crawford County Community Emergency Response Team, which is based out of the Frederic Township Fire Department and EMS, but also responds and assists with emergencies in other northern Michigan counties.

“It’s going to enhance what we have in 911 because it adds another level to what we already have,” Akers said. “The biggest benefit is going to be out in the field, where police, fire and EMS have their own handheld GPS units and the coordinates.”

Students utilize Smart Boards at Grayling Elementary School

have a permanent Smart Board installed in her classroom after using a portable unit. She and fellow teachers have researched subject matter they can use with the Smart Board technology.

“We’re pretty excited and we’ll be having lots of lessons that we’ll be doing soon to support our teaching,” she said.

Students in Urban’s class last week used the Smart Board to make singular and possessive nouns. In addition, they also learned how to determine the difference between a simple sentence, compound sentence or if a pattern of words was not a sentence. As they took turns in line, the correct answers were tallied, seeds of their knowledge grew, were watered and became plants on the Smart Board screen.

“It involves reading, interacting with the board and taking turns,” Urban said. “It’s huge one-on-one interaction since we don’t have individual computers for everyone in the classroom.”

Urban sat back last week and was the student as the students did lessons with the Smart Board.

“They’re more familiar with it than I am so they’re showing me how to use this as well,” she said. “It’s great.”

Third grader Georgia Barber was impressed to have the technology in the classroom rather than using a traditional computer.

“It’s a lot more fun than using the computer because you get to use your hands and stuff,” she said.

Jenna Schwartz said she enjoys the hands-on learning.

“It’s fun to play and you learn on it,” she said.

Crawford AuSable District Superintendent Joe Powers said it cost \$70,000 to equip 25 classrooms with the Smart Boards and required accessories. In addition, the school district also invested \$22,000 to equip the Grayling High School with wireless Internet access, which included the required wiring throughout the school building.

“Technology is an absolute point of pride for our school district and it’s very purposefully planned as we continue to invest in our students,” Powers said.

Late surge by Grayling not enough in freshman game

Grayling trailed for almost the entire game, but the Vikings pulled within three with a late fourth quarter surge during Thursday night's freshman girls basketball contest vs. the visiting Elk Rapids Elks. Grayling's comeback attempt fell a few points short and Elk Rapids won by five, 37-32.

Elk Rapids led 9-7 after one quarter. The Vikings scored their seven points with two jump shots by Hailey Petty, a drive by Makayla Cragg, and one free throw by Madison Nielson.

Grayling scored only two points in the second period (an inside shot by Whitney Schans) and Elk Rapids had a 14-9 halftime advantage.

Trailing 16-10 in the third period, Grayling scored seven unanswered points to lead 17-16. The series included a free throw by Schans, a reverse lay-up by Cragg, an inside shot by Schans, and a lay-up by Logan Miller.

Elk Rapids scored on an inside shot to lead by one. A put-back by Petty gave Grayling a 19-18 edge. The Elks outscored the Vikings 8-0 in the last 2:47 of the

third quarter. Grayling trailed 26-19 going into the final eight minutes.

In the first four minutes of the fourth quarter Elk Rapids outscored Grayling 9-3 to lead by 13, 35-22.

The Vikings pulled within three with a 10-0 run. The series included three free throws by Cragg, a lay-up by Miller, put-backs by Cragg and Nielson, and one free throw by Colbie Wakeley.

Elk Rapids hit one free throw to lead by four with 45 seconds remaining. Grayling missed two free throws at the other end. The Elks hit one of two free throws. The Vikings turned the ball over and the game ended. Elk Rapids won 37-32.

Cragg finished with 10 points. Petty and Miller scored six points apiece. Schans had five points.

"We showed some great determination tonight as we battled back from a 12-point deficit with about 3:30 to go," Coach Brooke Knight said. "We cut their lead to three points with some very active defense and some good looks at the basket. I'm very proud of the girls and how they continued to to play hard and never let up."

The Vikings won 36-22 in a home game vs. the Roscommon Bucks on Monday night.

Tandy Mitchell had 10 points for Grayling. Nielson and Cragg finished with eight points apiece. Miller had six points.

"This was such a great game for us," Coach Knight said. "We are really starting to make some big strides and it showed this game. We're starting to move the ball a lot better and our defense is really improving."

The Vikings (2-5 overall) will play at Charlevoix on Jan. 27.

Whitney Schans shoots the ball for the Vikings vs. Elk Rapids.

Vikings stay unbeaten with 80-58 victory at Elk Rapids

They trailed early in the game - Elk Rapids had a 23-16 advantage after one quarter - but the Grayling Vikings finished strong to win by 22, 80-58, on Friday night in a varsity boys basketball league contest at Elk Rapids. The win improved Grayling's season record to 7-0.

Steven Enos scored 23 points for Grayling, one of four Vikings to finish in double digits. Riley Zigila had 16 points. Scott Parkinson finished with 12 points. Griffin Dean also scored 12. Zane Tobin and

Jensen Aubry had eight points apiece. Leading rebounders were Dean (9) and Aubry (8). Zigila and Enos each had five steals. Tobin had seven assists and Aubry had six assists.

"Our kids did a nice job of playing under tough conditions in Elk Rapids. They have an outstanding environment for basketball and it was very loud there," Coach Rich Moffit said. "I was very pleased with the way we fought back in the second quarter. Our team did a very nice job of sharing the basketball and play-

ing as a team."

"Scott Parkinson provided a spark for us in that quarter, scoring eight of his 12 points. Dean was solid in the paint. Zigila provided a spark in our transition break. Tobin and Aubry did a great job of managing the game with their passing. Enos hit some big time shots when we pulled away in the third quarter," Coach Moffit said.

Grayling (7-0 overall, 3-0 league) will play at Traverse City St. Francis on Friday, Jan. 21.

"This was a good win vs.

a quality opponent," Coach Moffit said. "We have to continue to improve."

The team is planning a reunion for GHS players from 1968-1971. The players will be honored at half-time of the Jan. 28 home game and a reception will be held at the Ramada Inn afterwards. For more information, players from that era can contact Jim Tobin at 348-5361 or Gerry St. Germain at 348-7392. Photos of the teams are available on the Internet at: <http://www.casdk12.net/Basketball/Statistics.htm>.

Grayling wins JV game 52-46

The GHS junior varsity boys basketball squad won 52-46 vs. the visiting Elk Rapids Elks last Thursday.

"We shot 35 free throws during the game and probably should have shot 50. Both teams played with a lot

of defensive pressure, causing several turnovers by both teams. During the fourth quarter we did a nice job keeping our composure and we started to make our free throws," Coach Chris Kucharek said.

Justice Junttila had 14 points, six rebounds, and three steals for the Vikings. Tyler Powers had 10 points and six steals. Wes Dean had eight points and five rebounds. Jake Swander had six points. Jeff Enos had six

points and eight rebounds. Grayling (6-1 overall, 2-1 league) will play at Traverse City St. Francis on Thursday, Jan. 20.

9th graders win 60-24, move to 5-0

The GHS freshman boys basketball team improved its season record to 5-0 with a 60-24 victory at Elk Rapids on Friday night.

"The team played a good all-around game," Coach Craig Hofman said. "Played good post defense against a taller player. Richie Sanford, Michael Branch, and Peyton Zigila did a nice job keeping the ball out of his hands. We struggled a little offensively against their zone. We have not had many zones

played against us but in the third and fourth quarters we started to execute better and take better shots."

Branch had 13 points and seven steals. Matt Burrell had nine points and four steals. Tyler McClanahan had nine points and nine steals. Zigila had eight points, nine rebounds, and six steals. Tyler Summers had five points. Sanford had six points and four steals. Geoff Wilson had three points. Scott Wakely had three points. CJ White and

Gage Albright also added two points each.

"I felt the players responded well to their first road game of the year but we need to keep that focus with the next six out of seven games being on the road," Coach Hofman said.

Grayling (5-0 overall, 3-0 league) will play at Traverse City St. Francis on Friday, Jan. 21.

Vikings get early lead, keep it in rematch vs. Bucks

Grayling wins by nine, 60-51, on Monday

by Caleb Casey
Senior Staff Writer

The Grayling Vikings defeated the Roscommon Bucks - a team that Grayling lost to 47-35 in its season opener on Dec. 1 - by a final score of 60-51 in a varsity girls basketball nonconference contest played at Grayling High School on Monday night.

The Vikings had a lead for most of the game, including all of the second, third, and fourth quarters. It was a physical game; the teams combined for 58 free throw attempts, 33 of which came in the fourth quarter. Three Vikings fouled out of the contest.

Roscommon scored the first basket of the game, and that was the only time the Bucks had a lead in the contest. Grayling answered with a three-pointer by guard Teresa Schreiber. Forward Ann Hamlin hit one of two at the free-throw line. The Bucks scored an inside shot to tie the score at 4-4. The Vikings responded with an inside shot by Hamlin. A jumper by the Bucks tied the game at 6-6.

At the 4:39 mark, Schreiber hit a jump shot for GHS. Hamlin scored on an inside shot. Guard Cierra Prosser made a jumper. Schreiber converted one of two at the free-throw line.

Grayling led 13-7 at the end of the first quarter, and Roscommon played from behind for the remainder of the contest.

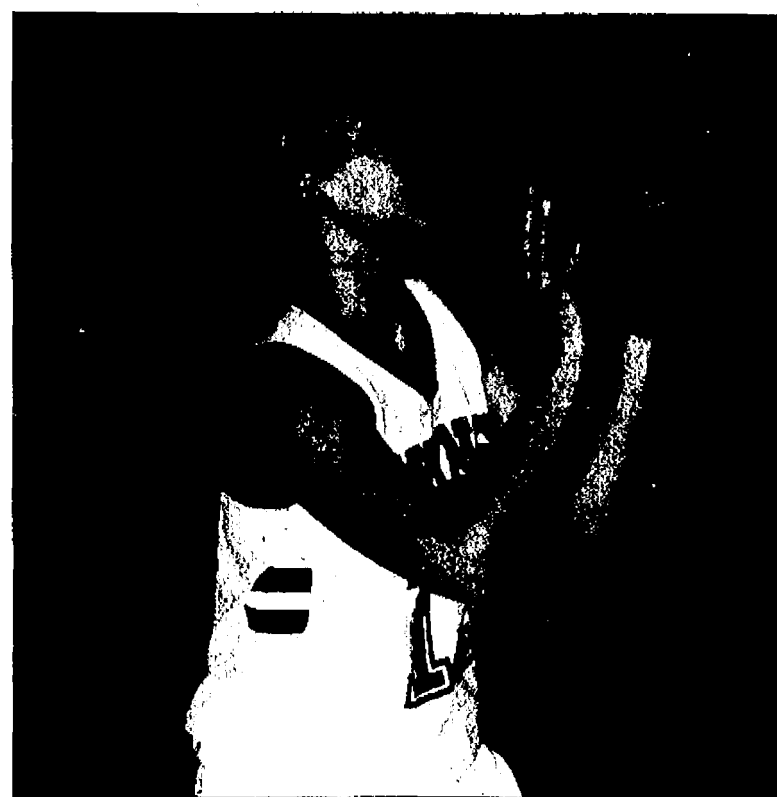

The Vikings outscored the Bucks 16-10 in the second period. Grayling's 16 points included two jump shots by center Abbey Thomas, a jumper by guard Jo Hamlin, a lay-up by Prosser, two baskets by guard Shalee Miller, a lay-up by Schreiber, and an inside shot by forward Caitlin Prosser.

Grayling led by 16, 39-23, at the third quarter's 3:50 mark. Roscommon outscored GHS 8-0 during the remainder of the period to pull within eight, 39-31, going into the fourth quarter.

GHS edged Roscommon 21-20 in the final eight minutes. The fourth quarter featured 33 free throws, with each team making nine of its total attempts (15 for Grayling, 18 for Roscommon). In all, neither team shot well from the free-throw line; the Vikings hit 15 of 26 (58 percent) and the Bucks made 14 of 32 (44 percent).

Grayling won by nine, 60-51.

"This was a very nice win for the girls," Coach Joe Powers said. "Avenging a 12-point loss at

Cierra Prosser shoots the ball for Grayling on Monday night vs. Roscommon.

Roscommon the first game of the season, the girls have shown that they continue to work hard and get better each and every day. This was a total team victory as our high scorer had 11 and we had six girls score between eight and 11. Balanced scoring was indicative of a balanced attack. The girls forced a lot of turnovers, which led to easy baskets. Having a 21-point turnaround from the opening game to this game against Roscommon is nice reinforcement for the girls to display their improvement."

J. Hamlin finished with

11 points and five assists. Miller had 10 points and five rebounds. Ci. Prosser had nine points. Thomas had eight points and three blocks. Schreiber had eight points. Ca. Prosser had eight points and six rebounds. A. Hamlin had five points and seven rebounds.

"The girls play hard and when you play hard, good things will happen," Coach Powers said. "They earned a very tough victory tonight."

The Vikings (5-4 overall, 1-2 league) will play at Traverse City St. Francis on Friday, Jan. 21.

JV team's comeback falls short in 29-26 loss

Grayling trailed for almost all of regulation in Monday night's JV girls basketball game vs. the visiting Roscommon Bucks, but the Vikings pulled within three late in the fourth quarter and had a chance to force overtime, but Roscommon held on to win 29-26.

Roscommon scored the first two baskets of the game. An inside shot by center Maddie Benardo and a jumper by guard Alyssa Morley tied the score at 4-4. The Bucks scored the next two baskets and led 8-4 at the end of the first period. Roscommon held its early lead through the remainder of regulation.

The Bucks outscored Grayling 9-5 in the second period. The Vikings scored their five points with two free throws by Morley, one free throw by guard Stanna Dorn, and a lay-up by guard Meagan Malm.

Roscommon led 17-9 at halftime.

Grayling opened the second half with a 6-0 run, scoring on three jump shots by Morley in the first 1:14 of the third quarter. Roscommon outscored

Grayling 6-1 during the rest of the period to lead 23-16 going into the final eight minutes.

The Bucks hit an inside shot at the 5:36 mark to lead by eight, 25-17.

An inside shot by Benardo and two free throws by Malm pulled Grayling within four, 25-21.

Roscommon hit two free throws at the 3:36 mark. With 1:48 remaining, the Bucks converted two more free throws to lead by eight again.

Morley hit one of two at the free-throw line. With 42 seconds left in the game, forward Hannah Haven converted two free throws. Morley scored a lay-up following a steal, cutting Roscommon's advantage to three with 18 seconds left in the fourth period.

Grayling got the ball back with another steal. The Vikings missed their final shot attempt and Roscommon won by three.

"Same story. We played great defense and did some other things well, but could not put the ball in the basket - 10 of 29 from the free-throw line and 17 percent from the field. We shoot

just a little better and we win," Coach Doug Pummell said.

Morley had 13 points and five rebounds. Malm had seven points and six rebounds.

On Thursday night, the Vikings lost 63-25 vs. Elk Rapids.

Morley had 11 points and seven rebounds. Malm had five points.

"Elk Rapids is undefeated at 7-0. They are a good team that really rebounds, presses, and runs the floor well. We were outmatched tonight and will get better by the next time we play them. Bright spot was Sam Hansen having her best game of the year, playing great defense and hitting two of two from the free-throw line," Coach Pummell said.

At this hearing the Foreclosing Governmental unit shall ask that the court enter a judgment foreclosing property as requested in the petition for foreclosure. A person claiming an interest in a parcel of property set forth in the petition for foreclosure, who desires to contest that petition, must file written objections with the clerk of the 46th Circuit Court, and serve those objections on the Crawford County Treasurer as the Foreclosing Governmental Unit. The Docket number for the Petition is 10-8157-CZ.

If you are a person with an interest in property being foreclosed:

- You have the right to redeem this parcel from the foreclosure process by payment of all forfeited unpaid taxes, interest, penalties, and fees prior to the expiration of the redemption period. You should contact the Crawford County Treasurer for the amount required to redeem.
- You may lose your interest in the property as a result of the foreclosure proceeding.
- The title to the property shall vest absolutely in the Foreclosing Governmental Unit unless all forfeited unpaid delinquent taxes, interest, penalties and fees are paid by March 31, 2011.

PLEASE NOTE:

The following list represents parties that appear to have title, lien, or other apparent rights to the parcels being foreclosed by the Foreclosing Governmental Unit.

This notice is required to be given by law, even if the party no longer claims or desires an interest if it appears they hold any **undischarged, apparent, or potential** title or lien right to the property listed.

A listing of a party or person does NOT necessarily indicate that they are the owner of a parcel, or that they are liable for the property taxes.

This list is NOT an offering of property for sale. These parcels are NOT being sold, auctioned, or otherwise made available by virtue of this notice.

There is no procedure for purchasing these parcels from the Foreclosing Governmental Unit at this point in the foreclosure proceedings. Those parcels that are foreclosed and not redeemed may become available at public auction after July of 2011. These parcels remain the property of the current owner until redemption rights have expired. No party or person should make any attempt to inspect or enter upon these parcels assuming them to be for sale. This may constitute trespassing and subject the offender to criminal prosecution. The street address of the parcels listed is based upon local records and is not guaranteed to be the actual location of the property.

The amount due listed indicates the balance which was due as of March 1, 2010. The current amount required to redeem must be obtained from the Crawford County Treasurer, as additional penalties, fees, and interest have accrued since forfeiture.

Grayling Township seeks applicants for appointment to Zoning Board of Appeals

The members of the Grayling Charter Township Board of Trustees are currently seeking applicants for an appointment to the township zoning board of appeals.

The successful candidate should have prior knowledge or a desire to learn the inner workings of local township zoning with a basic familiarity of the various regions and neighborhoods within Grayling Township. The main duties include evaluating requests for property variances as far as front, side and rear setbacks are concerned. The zoning board is also responsible for interpreting the dictates of the township zoning ordinance. All duties include working with other board members for the benefit of all township residents. Grayling Township will provide board training when those occasions arise.

The time necessary to serve will include at least one monthly meeting, on the third Monday of each month, of approximately one to two-hours and, at times, other meetings or assignments as they may occur.

All zoning board members receive a modest monetary stipend for their participation.

Please send a cover letter describing why you would like to be on the board, what resources you could bring to the process, and include a resume of your recent work history. Send your information to: Terry Wright, Supervisor, Grayling Charter Township; PO Box 521, Grayling, MI 49738.

The appointment could be made as early as Wednesday, February 21st, 2011. If you have any questions, please feel free to call the supervisor during normal working hours.

Inn). There is no entry fee for the race. The Grayling Rotary Club is sponsoring the event.

Saturday's slate features a 7.5k Junior Race, Michigan Cup division races ("part of the state-wide point series," Andre said), and 15k Citizen Races.

The Junior Race, for skiers 19 and under, will feature its own unique 7.5k course. Cost to participate is \$20 (pre-registration) or \$30 (race day registration). The Junior Race will start at 9 a.m. and should finish before the next scheduled race - the Michigan Cup events.

The Michigan Cup portion of the Cote Dame will feature a 30k men's race and a 15k women's race. They are scheduled to begin (mass start) at 10 a.m. and 10:05 a.m., respectively, at the Hanson Hills soccer fields (behind the softball field), Andre said.

Saturday will also feature four Citizen Races: 15k men's skate, 15k men's classic, 15k women's skate, and 15k women's classic. The first of these races is slated to start at 10:10 a.m.

One of the biggest differences between the Cote

Dame and the event that it replaced - the Michigan Cup race - is that the Cote Dame, with its Citizen Races, Junior Race, and Kids' Race, offers several options for casual skiers while still offering the Michigan Cup points series races for the "hardcore" competitors, Andre said.

The 15k and 30k races all have the same entry fee: \$45 (pre-registration) or \$50 (race day registration). A registration event for the 2011 Cote Dame will be held at the Ramada Inn (in the main open area near the swimming pool, Andre said) on Friday, Jan. 21, from 5-11 p.m.

All of Saturday's 15k and 30k races will feature the same courses, with the 30k competitors completing two laps on it.

The races will all utilize "chip timing," which offers instant results and "leaves a lot less room for human error," Andre said.

The timing chip is "a sticker that's attached to their bib," Andre said. "When they finish they go across a magnetic pad. We get a name with a time instantly. The great thing about chip timing is the chip knows where they're at and

what race they're in."

Awards will be given out in a variety of age groups at a post-race banquet at the Ramada Inn.

Last year, GRA paired the Cote Dame with its annual Hanson Hills Classic cross country ski races; this year, GRA split the two. Organizers moved the Cote Dame from late February to late January and left the Hanson Hills Classic in February.

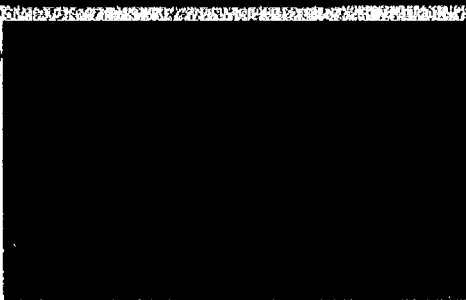

"It was hard to handle both," Andre said. "We moved (the Hanson Hills Classic) back to February and moved the Cote Dame to January. The race date we had before (for the Cote Dame) was a bad time because it was in between some other long races," Andre said.

Mild weather this winter has left Hanson Hills short on snow for its cross country trails, but Cote Dame organizers are proceeding as planned.

"As long as Mother Nature cooperates we'll be good to go," Andre said.
